## CAREER OBJECTIVE

Dedicated Frontend Developer seeking a role in web development to create intuitive and responsive user interfaces. Proficient in modern frontend technologies and committed to delivering seamless user experiences.

## EDUCATION

### Bachelors of Computer Application (B.C.A)

Jai Narain Vyas University, Arawali Mahavidyalaya

Graduating May 2021 - Jun 2024

7.54 CGP

## TECHNICAL SKILLS

**Languages and Tools:** JavaScript, Java, C, C++, HTML, CSS, GitHub, VS Code

**Frameworks :** React.js, Next.js, Vite, Bootstrap

**Libraries :** Tailwind CSS, Material-UI, Firebase

**Soft Skills :** Responsive Web Design, Communication, Problem Solving

**Currently Learning :** MongoDB, Node.js, Express.js, NoSQL

## PROFESSIONAL WORK EXPERIENCE

### Unified Mentor Private Limited, Web Developer (Intern)

25 May 2024 – 25 Jun 2024

- Designed and developed a gym management system using **React** for dynamic and responsive user interfaces.
- Integrated **Firebase** to enable seamless CRUD operations and efficient database storage.
- Successfully completed a one-month web development training program, demonstrating strong frontend development expertise and practical application of modern tools.

### Zidio Development, Frontend Web Developer (Intern)

20 July 2024 – 20 Sept 2024

- Designed and implemented a responsive user interface for a job portal using **React**, **Bootstrap**, and **JavaScript** in a **MERN stack** group project.
- Focused on creating a seamless user experience through dynamic and adaptive design to enhance usability and engagement.

## PROJECTS

### Portfolio Website ( [View Live](#) )

Developed with React this portfolio highlights projects that transform concepts into seamless digital experiences. It includes a resume section contact details and an integrated contact form for easy collaboration.

### DigiPromo Website ( [View Live](#) )

Built a responsive platform with **React + Vite Tailwind CSS** and **Material-UI** for targeted campaigns and enhanced product visibility. Used **AOS animations** for dynamic content and many more.

### Z-Fashion Website ( [View Live](#) )

Developed an e-commerce platform using **Bootstrap** and custom code featuring user login authentication and real-time add-to-cart functionality. Implemented dynamic product pricing and a user-friendly interface to enhance the shopping.

## SUMMARY

Results-oriented Frontend Developer with a strong background in designing and developing responsive web applications using modern technologies like React.js, Next.js, and Tailwind CSS. Proficient in problem-solving, ensuring seamless user experiences, and contributing to innovative projects. Adept at collaborating with cross-functional teams to deliver high-quality, scalable solutions efficiently.
